Students meeting state grade-level expectations.

#### SCIENCE

Students meeting state grade-level expectations.

### School Goals

At Scott School we work as a diverse community to create innovative thinkers invested in life long learning through 1) Engaging, Standards-Based Instruction, 2) Personalized Learning, and 3) Building Trusting Relationships with our Students, Families, and Local Community. Last year we implemented Writing Workshop, this year we will implement Reading Workshop to prepare our students for college and career. We value our diverse, involved school community and leverage our families as partners in our work. Please contact us with any questions, concerns, or information that will help us ensure success for your students.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

We work hard to make our school a place where all students and families feel welcome and included. We celebrate our community's diversity and we honor this diversity in our learning activities. We understand how important it is to keep our students feeling safe, both physically and emotionally, when they are with us.

### Outcomes

### About Our School

#### BULLYING, HARASSMENT, AND SAFETY POLICIES

Portland Public Schools has created policies to help our schools provide safe environments for every student. This includes teaching students and staff about bullying and harassment, and providing methods to report and respond to any of these incidents. We have a PPS threat assessment team to help address reports of safety concerns. We also support the district-wide implementation of Positive Behavioral Interventions and Supports (PBIS), and Restorative Justice practices through our Multi-tiered System of Supports (MTSS) department.

#### EXTRACURRICULAR ACTIVITIES

Scott School strives to provide scholars with enrichment opportunities that ignite their passions and talents in preparation for high school, college, and career. Scott is partnered with Latino Network as part of the Schools Uniting Neighborhoods (SUN) initiative, which allows us to provide enrichment for both students and families. Our website <https://www.pps.net/scott> provides more information about all of the programs we offer, which include but are not limited to: Little Coders by Amazon, Reading and Math Support/Enrichment, Tennis, Ukulele, Basketball, and Choir for students as well as technology classes and Zumba classes for families.

#### PARENT ENGAGEMENT

Scott's PTA won both Oregon's PTA of the year and the Superintendent's PTA Award. The PTA's vision is to hold inclusive events to give a voice to all communities to better listen & understand each other's needs. Examples of innovative PTA meetings are: Friday morning Coffee with the Principal, meetings in the community in Spanish (w/English translation), Tamale making, Night of Action for funding, student performances, community performances, and equity conversations. The PTA sponsors Hispanic Heritage Pancake Breakfast, Kids' Craft Fair, Kermes Festival, Día del Niño, Día de los Muertos, Family Nights, OMSI Stem Night. Find out more at our website & follow us on social media: @SomosScott

#### COMMUNITY ENGAGEMENT

Scott School values and appreciates all of the help and support we receive from our neighborhood community. We have a large number of volunteers as well as community organizations that volunteer their time, space, and funding to help our school. Latino Network brings Schools Uniting Neighborhoods (SUN) to Scott. We also partner with IRCO and other community organizations. Please contact us if your community organization is interested in partnering with Scott or providing support so we can further discuss options.
