Community Updates

Cully community solar project

Verde Builds is looking for 50-60 Cully residents to sign up for a community solar project in our neighborhood. It will be up and running in the next few weeks and they want to keep it for lower-income Cully residents. To do that, they need people to add their names to the interest form within the next 3 weeks. If you are interested, please sign up.

Interest form: <https://www.verdenw.org/solar>

Main contact: sauloquezada@verdenw.org

About Building a Better 82nd

Building a Better 82nd Avenue is a collection of safety and maintenance projects, policies, and programs to address urgent needs for 82nd Avenue. Construction of improvements will occur in different locations of the corridor from NE Lombard to SE Clatsop. In recognition of the need for critical safety improvements for 82nd Avenue, the Portland Bureau of Transportation (PBOT) established the Building a Better 82nd Avenue Program in 2022, following the transfer of roadway ownership and management from the Oregon Department of Transportation (ODOT) to the City of Portland.

Plants for the Planet - Proceeds for the Community

Sparrowhawk Native Plants partners with community organizations to provide habitat-friendly and climate-resilient native plants to local gardeners, while giving back tens of thousands of dollars to conservation efforts.

This fall, they are teaming up with People of Color Outdoors, Columbia Slough Watershed Council, Depave, Brentwood-Darlington Neighborhood Association (BDNA), Black Futures Farm, Learning Gardens Laboratory, Multnomah County Master Gardeners' Demonstration Garden, and Tualatin Riverkeepers.

By our powers combined, over 40,000 native plants will take root and about \$20,000 will go back to these inspiring community partners. **Order plants starting on Sunday, August 18th at 9am for October pick-up!**

Participate, Engage, Volunteer!

Introducing Verde’s Transportation Justice Leadership Institute

We are thrilled to announce the launch of the Transportation Justice Leadership Institute (TJLI), a new initiative aimed at empowering community members across Oregon to lead and advocate for transformative changes in our transportation system. Building on the success of our previous Energy Justice and Water Justice Leadership Institutes, TJLI will equip participants with the knowledge and skills needed to become champions for transportation justice in their communities.

Applications are due by 11:59 PM on Monday, September 9th

APPLY HERE!

Take the Summer 2024 Plaza Survey!

The **2024 PBOT Plaza Survey** continues through August and September to understand how people use the plazas and gather feedback to help us plan for the future. Please share the survey with your friends and the community as we rebuild Portland’s streets together.

Share Your Thoughts About the Future of 82nd Avenue:

Have ideas about 82nd Avenue? We invite you to visit the **online open house**, open until Sept 15, to share your perspective about recommended policies, projects, and proposed improvements. Your insights are vital in shaping the plan that will be presented to the Portland City Council for adoption. We look forward to your valuable input!

Visit the **Online Open House** and **Survey!**

Radical Abundance at Alder Commons

Radical Abundance is an inclusive, donation-based Thrift Store & Nonprofit providing affirming, trauma-informed wellness care!!

We are bursting with excitement to share this incredible resource with our community! As some of you may know, we have been working diligently behind the scenes to find a renter for the Studio Space that upholds our core values, including valuing the importance of masking indoors. Radical Abundance is all this and more.

Their mission is to support the BIPOC, POC, Fat, Disabled, and LGBTQIA2S+ communities in receiving much-needed and deserved inclusive, trauma-informed wellness care.

To fund their programs, they rely heavily on their donation-based thrift shop, which will open in Alder Commons beginning September 1st!

Donate to Radical Abundance
